

How to Create Your Own Paper Snowflake

Materials:

- Paper
- Scissors
- Adult Supervision
- Imagination

Instructions:

1. Fold paper in half on the diagonal to create a triangle
2. Fold paper in half again to create a smaller triangle
3. Fold right side of triangle up and over the front so that it is about a third of the way across
4. Fold left side of triangle up and over your fold from step three
5. You now have an arrow shaped fold
6. Cut off excess paper at the top so that all of the pieces of paper are even
7. Cut any shapes on the sides and tops, but be sure to leave some space connected
8. Unfold to see your creation! Make as many as you want to see what patterns you can create!
